

# Corporate Membership

At the Harbour Club, a Corporate Membership gives you much more than just a discount. We are a health club where you can let go of the stresses you have at work, therefore giving you more energy to face all of your daily challenges.

Whether you want a tough workout at our gym, which has great views overlooking the Mersey, a relaxing swim or a holistic treatment from our experienced therapist to pamper you from head to toe, the Harbour Club at the Crowne Plaza Liverpool has it all.

We also have a wide range of classes available in the studio, that are all included in the membership and a level of customer service you simply cannot find anywhere else.

Everything we do in our club is designed to engage, encourage and inspire people to make exercise part of their daily life and we'll do everything we can to help communicate that message to your staff.

## *Upon joining you will benefit from the following:*

- FREE health check with one of our experienced personal trainers
- FREE personalised fitness programme
- One FREE Guest pass worth £15
